Legionella EIA Stop Solution

Version No. 3

Date of issue: 10 February 2009

*1. Identification of the substance/preparation and of the company/undertaking

Product details

Trade name: **Legionella EIA Stop Solution**

Application of the substance / the preparation: In vitro diagnostic reagent. For professional use only.

Manufacturer/Supplier:

Manufacturer

Inverness Medical,
10 Southgate Road,
Scarborough,
Maine 04074, USA.

Tel: +1 207-730-5750

Fax: + 1 207-730-5717

Email: TS.Binax@invmed.com

Further information obtainable from: www.invernessmedicalpd.com

Information in case of emergency:

Tel: +1 207-730-5750

*2. Hazards identification

Hazard description:

The preparation is not classified as dangerous according to Directive 99/45/EC.

Classification system:

The classification is according to the latest editions of the EU-lists, and extended by company and literature data.

*3. Composition/information on ingredients

Chemical characterisation

Description:

In vitro diagnostic reagent. Aqueous preparation containing the hazardous components listed below.

Dangerous components:

Component	CAS No.	EINECS No.	Classification	Concentration
Sulphuric Acid	7664-93-9	231-639-5	C; R35	2 – 5 %

Additional information:

For the wording of the listed risk phrases refer to section 16.

4. First-aid measures

After inhalation: Supply fresh air; consult doctor in case of complaints.

After skin contact:

Immediately wash with soap and water and rinse thoroughly. Remove soiled clothing and clean before re-use.

After eye contact:

Immediately rinse opened eye for several minutes under running water. Consult a doctor.

After ingestion:

Wash out mouth with water and then drink plenty of water. Consult a doctor.

Material Safety Data Sheet

5. Fire-fighting measures

Suitable extinguishing agents:

CO₂, powder or water spray. Fight larger fires with water spray or alcohol resistant foam.
Use fire-extinguishing methods suitable to surrounding conditions.

Special hazards caused by the substance, its products of combustion or resulting gases:

In case of fire, the following can be released: Sulphur oxides (SO_x).
Hydrogen may form upon contact with metals (risk of explosion!)

Protective equipment:

Wear full protective suit and self-contained respiratory protective device when extinguishing fires.

Additional information:

Non-combustible

6. Accidental release measures

Person-related safety precautions:

Isolate spillage and clean up immediately.
Refer to Section 8 for protective measures when handling the spillage.

Measures for environmental protection:

Do not allow the undiluted product to enter sewers/surface or ground water.

Measures for cleaning/collecting:

Absorb with liquid-binding material (paper towelling, sand, diatomite, acid binders, universal binders, sawdust)
Dispose of contaminated material as waste according to Section 13.
Rinse off area with water.

7. Handling and storage

Information for safe handling:

Observe the general safety regulations when handling chemicals.
Avoid contact with the eyes, skin and mucous membranes.

Storage:

Store in the original container at 2 to 8°C.

Requirements to be met by storerooms and receptacles:

No special requirements.

8. Exposure controls/personal protection

Ingredients with limit values that require monitoring in the workplace:

The product does not contain any relevant quantities of materials with critical values that have to be monitored in the workplace.

Additional information:

The lists valid during the creation of this MSDS were used as a basis for this assessment.

General protective and hygienic measures:

Adhere to good laboratory practices (GLP).
Wash hands before breaks and at the end of work.

Personal protective equipment

Respiratory protection: Not required, unless aerosols generated.

Protection of hands: Disposable gloves.

Material of gloves: Latex/natural rubber, nitrile rubber.

Penetration time of glove material: Gloves resistance is not critical when the product is handled according to the instructions for use.

Eye protection: Safety glasses.

Body protection: Lab coat.

Material Safety Data Sheet

According to REACH Regulation (EC) No. 1907/2006, Annex II

Legionella EIA Stop Solution

Version No. 3

Date of issue: 10 February 2009

9. Physical and chemical properties

General Information

Form: Liquid

Colour: Colourless

Odour: Odourless

Change in condition

Melting point/Melting range: Similar to water, approximately 0°C.

Boiling point/Boiling range: Similar to water, approximately 100°C.

Flash point: Not applicable.

Self-igniting: Product is not self-igniting.

Danger of explosion: Product does not present an explosion hazard.

Vapour pressure: Similar to water, approximately 23 hPa.

Density at 20°C: approximately 1.3 g/cm³

Solubility in/Miscibility with:

Water: Fully miscible.

pH-value at 20°C: < 1

10. Stability and reactivity

Stability: The product is stable in accordance with the recommended storage conditions.

Materials to be avoided: alkali metals, alkali compounds, ammonia, alkaline earth metals, alkaline earth compounds, alkalis, acids, metals, metal alloys, combustible substances, organic solvents, halogenates, permanganates.

Hazardous reactions: Generation of hydrogen on contact with metal surfaces.

Hazardous decomposition products: No dangerous decomposition products known.

11. Toxicological information

Acute toxicity:

Quantitative data on the toxic effects of this product is not available.

Primary effects

After skin contact: May cause mild irritation.

After eye contact: Irritating effect possible.

After ingestion: May cause irritation.

Sensitization: No sensitisation effects known

12. Ecological information

Ecotoxic Effects:

Quantitative data on the toxic effects of this product are not available.

Harmful effect due to pH shift.

13. Disposal considerations

Product:

Chemical residues and remains should be routinely handled as special waste. This must be disposed of in compliance with anti-pollution and other laws of the country concerned. To ensure compliance we recommend that you contact the relevant (local) authorities and/or an approved waste-disposal company for information.

European waste catalogue:

18 01 07 chemicals other than those mentioned in 18 01 06.

Packaging:

Disposal must be made in accordance with local waste management regulations.

Contaminated packaging must be disposed of in the same manner as the product.

Non-contaminated packaging materials may be recycled. Contact your local service providers for further information.

Material Safety Data Sheet

*14. Transport information

Land transport ADR/RID (cross-border):

ADR/RID class: 8 Corrosive substances.

Danger code (Kemler): 80

UN-Number: 3264

Packaging group: III

Hazard label 8

Description of goods: 3264 CORROSIVE LIQUID, ACIDIC, INORGANIC, N.O.S. (Sulphuric acid solution)

Maritime transport IMDG:

IMDG Class: 8

UN Number: 3264

Label 8

Packaging group: III

EMS Number: F-A, S-B

Marine pollutant: No

Proper shipping name: CORROSIVE LIQUID, ACIDIC, INORGANIC, N.O.S. (Sulphuric acid solution)

Air transport ICAO-TI and IATA-DGR:

ICAO/IATA Class: 8

UN/ID Number: 3264

Label 8

Packaging group: III

Proper shipping name: CORROSIVE LIQUID, ACIDIC, INORGANIC, N.O.S. (Sulphuric acid solution)

15. Regulatory information

Labelling according to EU guidelines:

Safety data sheet available for professional user on request.

Water Hazard Class (Germany): WGK – 1 slightly hazardous for water.

16. Other information

To the best of our knowledge, the information contained herein is accurate. However, neither the above named supplier nor any of its subsidiaries assumes any liability whatsoever for the accuracy or completeness of the information contained herein. Final determination of suitability of any material is the sole responsibility of the user. All materials may present unknown hazards and should be used with caution. Although certain hazards are described herein, we cannot guarantee that these are the only hazards that exist.

Relevant R-phrases:

35 Causes severe burns.

Reason for Update:

Change in contact information Section 1 and transport information Section 14

General update in accordance with the REACH regulation.

* Indicates altered section.

Supersedes: Version 2
